Terms & Conditions

- All work must be **original** and created by the submitting team. Plagiarism or uncredited AI content will result in disqualification.
- Teams must transparently list all AI tools and models used.
- Entries must not contain hate speech, explicit content, political propaganda, or copyrighted material without permission.
- All final films must be conceptualized and produced **within the 48-hour hackathon window**.
- Final film specifications: **60–120 seconds**, **MP4/MOV format**, **16:9 aspect ratio**, **HD (1080p)**.
- Teams are limited to **maximum 4 members** (cross-disciplinary teams encouraged).
- The **Jury** will include AI technologists, filmmakers, and creative leaders from LTIM and NFDC.
- By submitting, participants grant **LTIM, NFDC, and IFFI** the right to screen and promote their work at the festival and related showcases.
- **LTIM** will retain the final rights and ownership of all content created during the 48-Hour Hackathon.
- Participants must uphold **ethical standards in AI usage**, including respect for consent, bias mitigation, and responsible storytelling.
